“ We are truly saddened by the loss of Frank ,he was not only a good man but also a good friend,and a great carpenter. When I saw him last we were joking how we were the old guys now, remembering all the guys we used to work with, and the fun times we had. I have been and always will be honored by our friendship. Go rest high on that mountain my friend.

“ This is such a tragedy. Frank will never be forgotten. I will never forget the day he was holding my son and said "Thats right Conner take in the power" He was such a great father, friend, husband, son, uncle, brother,there are no words that could possibly describe what this family is going through! To his family just know that we are always here if you ever need to talk or even just cry! were only a phone call away! Frank I can only imagine what kind of monster bucks you are seeing in Heaven now! Please look over your girls and protect them whenever they may need you. Let them know you will always be with them some how or someday! With hunting season just around the corner you will be in our thoughts constantly! I miss you showing up whatever day of the week whatever time of the day! Im gonna miss you showing up with a monster buck to show off! You are now in a better place! May you Rest In Peace. “ Rest in Peace Frank !! You will be greatly missed by everyone that had the opportunity to be in your life. Look down on your daughters and let them know that you are still with them everyday. For your family, you are in our prayers - remember the good times that were shared with Frank, they will help you to get through this trying time. People may say it gets better in time - relying in your memories of him will help. Keep your memory alive of him by talking about him and just remember how he loved life and the outdoors ! As Ted Nugent would say - " In the Wind he's still alive"###imported-begin##Paula Curtis Mosher###imported-end##
