“ Our condolences to friends and family members, both known and unknown. Herman and Julie's generation managed to keep in touch, even though not often for some, after the family was split up. I hope the next generations will keep in touch and know their relations or about their ancestors and relations. If anyone has memories of Julie that they would like to add to the family history I am working on, please send them to me and I will distribute them when the history is complete. Our prayers are with you. Sorry we are so far away and have not been able to meet you.
