“ I wasn't able to get up there so I address this directly to the Man..

*I was 12-13 getting beat up in your living room by your Daughters while Mom and Margie where off in the Bingo buggy. I beat up kids for Sherry and played with the wheelchair when you didn't know in your basement in richmond. You started letting my cut grass and showing me things about fixing up lawnmowers. I thought you where preety cool.*

*14-15 years old I started to fall completely in love with Sherry so you became the coolest dude to hang with..haha. I beat more people up for sherry and also your Daughters started kickin my but a little to. We moved in with you guys and you got me a cool job at a party store. You taught me how to shack hands like a man and I then had my First "Manly Experience" when I shook that party store owners hand "Rocky" and made him say OUCH. I then thought you where about the coolest.*

*The "cats ass" as you would have put it*

*16 and on I kinda started doing my own thing a bit but for the rest of my life and up untill now and untill I get on...I will hold all the things we have done together...good bad and the ugly in my heart. I wont say I wished I had more time with you because the time that I did have...well is was the best and I don't think I can get any better.*

*You ..Bubba...Bobby...Uncle B..where my friend. Foe a 15 year old kid to say he has a true friend with a 35-40 year old is preety cool in my book. I am going to head up there to where they lay you down and have a chat sometime on the finer things in life and hope you have time to listen. I love you BoB be cool and please obey all speed limits while riding your tote goat whereever you hang your next hat. NO BREAKS...just use the fence.....*

*I love you.*

“ Bob...where can I start? I can remember the last time I saw you at valeries. Always making jokes. Over the years, more than I can recall. I will never forget how you used to call me B.A.(bad attitude) when I was a kid. And all the neat tricks you showed us,like, how to get stuff outta your eye with milk. You don't know how many times that has come in handy. And how could I forget bringing flys back to life!lol. I also want to say that I enjoyed your visits when I lived in my apartment and making you coffee and all the chats and jokin around. You were a great person and the best dad I knew. You are going to be missed so much. I know I will see you again one day. All my love, Melissa###imported-begin##Melissa Warnick###imported-end##

“ Bobby,

*I Love you for always and a day, you hold a special place in my heart, and I will never forget nor go without a day loving and missing you. I'm sorry Bobby if you may have thought I didn't love you because I truly did and still do. I just didn't always like you! I'm sure you felt the same of me too! I just miss and love you so much, like I miss and love Lisa, Sherry, Jenny, Val, and Margie. I am so proud to say that you are my brother, no one could or would ever take your place in my heart. If only we all just could of had one more good old fashion family get together. Those were the days. I always said either people will love us or hate us, "I think people loved us". Give Sherry, Mom, Dad, Frank, Grandma Wilson, Grandma Lucas, Grandpa Wilson, Grandpa Lucas, Uncle Bob, Uncle George, Uncle Fred, Sue, Aunt Ruby, Uncle Knip, and all the Aunts and Uncles from Dad's side a big hug and kiss from me.*

*I Love you, you little stinker you. It is time for the clapper to go off now. Clap Clap###imported-begin##Debbie Litwin###imported-end##*
