sending you all love, light and strength today. Sue touched so many lives, when I first met her, she would ask me "why am I here". more recently, she told me why she was here.. to help as many people as she could, we all know she has done this, even now she is bringing people together, Sue truly is a real Angel.

“ My first memory of my 'sista Sue' was way back on the msn labrador group, she had a chocolate lab (mocha Jane) we hit it off right away and before long we built up an amazing trust/bond. I have always felt so close to sista sue. She married a fantastic guy who has made her so deliriously happy and Jimmy.. I thank you so very much for making Sue so happy, I love you both, I wil always love you both.

many times Sue and I have shared secrets, vented at each other, put the world to rights, she was my rock, there are things that her alone knows.

No retreat No surrender sista. love you forever
